

Build the Team!

Items needed:

- 1 Material Flag per team
- Markers/ paint
- Face paint (A different color for each team)
- Buff/ Strip of material for each child (A different color for each team)

Game instructions:

This game is exactly as the name suggests, a fun way to build the team. This can be especially helpful when the children don't know each other or the leaders very well.

1. Divide the children into teams.
2. Each team is given a bag of resources and a time limit. The children need to do the following:
 - Come up with a team name (this could be theme specific).
 - Decorate their team flag.
 - Come up with code names for everyone in the team/ just the leaders.
 - Create a team war cry.
