

# Heads or Tails!

This ice-breaker is excellent to use when there are lots of children that do not know each other and feel a little nervous to get involved. It is simple and can be played to grab their attention before the lesson begins.

## Items needed:

- A coin

## Game instructions:

1. Have the children stand and call heads or tails by putting their hands on their head (Heads) or putting their hands on their bottom (Tails)
2. Flip the coin.
3. Everyone who called incorrectly is out and needs to sit down.
4. Repeat this until the last person is standing. They are the winner.
