

Protect the President!

Lesson Ideas:

God is our protector. No matter how hard we try to shield ourselves from the worries and the hurts of this world, we can't protect ourselves or the people around us.

After the children have played a few rounds give the children the plastic sheet to help them protect their "president". It is a lot easier to protect the "president" when you had the plastic sheet and it's the same in our lives.

The only thing we can do to protect ourselves in life is give it all to God and He will give us the peace, joy, strength and healing we need.

Items needed:

- X2 Buckets filled with water and sponges.
- X2 Big plastic sheets with "Jesus" written or taped onto it

Game instructions:

Link to video demonstration: <https://youtu.be/M9a6L8tdGXc>

1. Divide the children into 2 teams.
2. Each team choose a leader to be their "president".
3. The rest of the players are the protectors of their president.
4. Using soaking wet sponges, the teams race to see who can soak the other team's president all while protecting their own.
