

Raining buckets!

Items needed:

- Small plastic buckets with holes pierced in the bottom (or cups)
- 2 larger buckets for each team. One empty and the other filled with water.

Game instructions:

1. Divide the children into smaller teams and let them to sit one behind the other.
2. Place the bucket filled with water in the front of each team, and the empty bucket behind the last person in the line.
3. The first person fills the small bucket with holes from their water bucket and then passes the bucket over their head to the next player and so on until the raining bucket reaches the last person.
4. The last person then empties what's left to try and fill the empty bucket.
5. This player then runs to the front of the line and begins again.
6. When every player has gone, or when the time is up, the winners are the team who managed to fill their bucket the most.
