

Special Handshake!

Game instructions:

1. Have the children partner up.
2. Give the children a time limit. During that time, they need to create a special handshake that the 2 of them will do whenever they hear the "handshake song". (This song could be theme specific or just a funny sound effect)

Encourage the children to be creative with their handshakes. They can include:

- Dance moves
- Turns
- Catch phrases.
- Etc.
