- 1) Have a nappy stuck to the bottom of a non see-thru bucket before the lesson starts.
- 2) Begin by pouring some water from the jug into the bucket and ask your kids what would you expect and think will happen when you tip the bucket upside down?
- 3) Conclude by tipping the bucket and showing how no water fell out. Explain how what we thought would happen (the water falling out) did not happen. It was unexpected, emphasizing how the cups did not break when stood on. This shows when we work together and in Unity we are stronger. God wants us to be united.
