

Unity

Lesson learnt:

This object lesson can help teach children all about unity and working together. This can also encourage leaders to get involved and play their part in the team.

Items needed:

- Plastic cups
- A tray

Instructions:

- 1) Begin by showing the children one plastic cup and asking what would happen if you were to stand on it. Conclude by standing on it and showing that it will break.
- 2) Place about 15 to 20 (or however many needed) plastic cups on the ground and place a tray on top of them, and have someone stand on it.
- 3) Conclude by emphasizing how the cups did not break when stood on. This shows when we work together and in Unity we are stronger. God wants us to be united.
